REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The instant invention claims a laminate article comprising PVB and a bleaching compound and having a specific composition and properties.

The closest prior art references that relate to the claimed invention are Chaussade'241 and Degeilh'971. The prior art teaches that it is known in the art to make and use laminates comprising PVB. However, the prior art does not teach or fairly suggest that the bleaching compound should be present in the final product. The applied Degeilh'971 teaches complete removal of such bleaching compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to leszek b. kiliman whose telephone number is 571-272-1509. The examiner can normally be reached on M-T, 6.30-5.00.

The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
